ALL-CROP MICRONITE

READ ENTIRE LABEL BEFORE USING THIS PRODUCT

GUARANTEED ANALYSIS

7 - 0 - 2

Total Nitrogen (N)	7.00%
7.0% Nitrate Nitrogen	
Soluble Potash (K ₂ O)	2.00%
Calcium (Ca)	4.50%
Magnesium (Mg)	0.50%
Iron (Fe)	1.00%
Manganese (Mn)	1.50%
Molybdenum (Mo)	0.01%
Zinc (Zn)	2.00%

Derived from potassium nitrate, calcium nitrate, magnesium nitrate, ferric nitrate, manganese nitrate, sodium molybdate and zinc nitrate.

WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Warning: Application of fertilizers containing molybdenum (Mo) may result in forage crops containing levels of molybdenum that are toxic to ruminant animals.

CAUTION: KEEP OUT OF REACH OF CHILDREN

GENERAL INFORMATION

ALL-CROP MICRONITE is recommended for use on field crops, vegetables, row crops, deciduous trees and vines and evergreens such as citrus and avocados. ALL-CROP MICRONITE is designed for foliar and soil applications to economically correct micronutrient deficiencies in plants.

DIRECTIONS FOR USE

SHAKE, STIR OR SWIRL CONTENTS BEFORE USING.

Soil applications of ALL-CROP MICRONITE are recommended at planting or transplanting. Actively growing plants with young leaves absorb foliarly-applied ALL-CROP MICRONITE most efficiently. Immediate post-irrigation or post-rainfall applications give best foliar uptake.

Avoid foliar applications of this product when plants are under moisture stress. Avoid foliar applications to deciduous tree crops during bloom.

COMPATIBILITY: ALL-CROP MICRONITE is compatible with most pesticides and fertilizers. Before tank mixing or use, check compatibility with a jar test of the products.

RECOMMENDATIONS: ALL-CROP MICRONITE is recommended for use on (but not limited to) the following crops. Rates other than those suggested below may be applied depending on crop conditions and cultural practices. Apply recommended rate in sufficient volume of water for thorough coverage by air or ground.

FIELD CROPS - such as Alfalfa, Corn, and Cotton: Apply 1-2 quarts per acre. DO NOT graze within 7 days after application.

VEGETABLES - such as Cole Crops, Root and Tuber Crops, and Fruiting Vegetables: Apply 1-2 quarts per acre.

FRUIT AND NUT CROPS - such as Deciduous Trees and Vines, Citrus and Avocados: Apply 1-4 quarts per acre.

CONDITIONS OF SALE AND WARRANTY

Monterey Chemical Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions. Monterey Chemical Company neither makes, nor authorizes any agent or representative to make, any other warranties, express or implied, including fitness or merchantability.

The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of Monterey Chemical Company and Seller. Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage and use of this material not in strict accordance with directions given herewith. In no case shall Monterey Chemical Company or the Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by Monterey Chemical Company and is accepted as such by the Buyer.
