

NOTE: This is a specimen label for electronic distribution. Always refer to product label on container for specific directions for use.

CWR CAN-HANCE is a proprietary blend of highly effective non-ionic organosilicone surfactants and highly refined methylated seed oils. Methylated seed oils, such as CWR CAN-HANCE, maximizes the performance of postemergence herbicides such as Assert®, Blazer®, Classic®, Pursuit® and other herbicides. CWR CAN-HANCE may be used as a replacement for non-ionic surfactants and crop oil (petroleum oils) in most postemergence herbicide spray mixes.

The addition of CWR CAN-HANCE to a spray tank solution will improve its application by physically modifying the deposition and wetting characteristics of the spray solution, thus resulting in a more uniform spray deposit.

DIRECTIONS FOR USE

Read and follow the precautions, restrictions, and recommendations on the labels of pesticides used with CWR CAN-HANCE. Use according to the most restrictive label directions for each product in any tank mix.

MIXING: Shake well before using. Fill spray tank 2/3 to 3/4 full of water and begin agitation. To prevent or minimize foaming, add an anti-foaming agent such as TRIPLELINE FOAM-AWAY to the spray tank before adding other tank mix components. Add pesticides and/or fertilizers as directed by the label or in the following sequence:(1) Micronutrients and fertilizers, (2) Dry flowables and dispersible granules, (3) Flowables, (4) Water soluble pesticides, (5) Emulsifiable concentrates. Minimize agitation and add CWR CAN-HANCE and mix for 1 to 2 minutes. Continue filling tank maintaining minimal agitation. Continuous agitation of finished spray is recommended. For optimum results, spray mixes containing CWR CAN-HANCE should be applied within 36 hours of mixing.

RECOMMENDATIONS: The proper quantity to use will vary with water hardness, equipment characteristics, method of application, crop condition, etc. Rates of CWR CAN-HANCE higher than those below may be used if recommended by pesticide labeling. Follow pesticide label directions. However, do not add this product at a rate which exceeds 5% of the finished spray volume.

GROUND, AERIAL or AQUATIC:Use 1½ - 2 pts. of CWR CAN-HANCE per acre in sufficient volume of water.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

STORAGE: Keep container tightly closed. Do not allow water to be introduced to the contents of this container. Do not store near heat or open flame. Do not store or ship with strong oxidizing agents or ammonium nitrate. **PRODUCT DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Assert® and Pursuit® are registered trademarks of American Cyanamid. Blazer® is a registered trademark of BASF. Classic® is a registered trademark of DuPont.

FOR AGRICULTURAL SPRAYS

PRINCIPAL FUNCTIONING AGENTS:

Methylated canola oil, Polyalkyleneoxide heptamethyltrisiloxane, Alkylaryl/polyoxyethylene glycol ethers 100.0%

Calif. Reg. No. 1050775-50024-AA

KEEP OUT OF REACH OF CHILDREN
CAUTION See side panel for additional Precautionary Statements

Net Weight: 7.56 lbs./gal. at 68°F

NET CONTENTS: 5 GALLONS / 18.9 LITERS

Manufactured by

CREATIVE MARKETING & RESEARCH, INC.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger, or if available by administering syrup of ipecac. If person is unconscious, do not give anything by mouth and do not induce vomiting.

IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, absorbed through skin or inhaled. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS

Do not contaminate water when disposing of equipment washwaters.

CONDITIONS OF SALE AND WARRANTY

Creative Marketing & Research, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions. Creative Marketing & Research, Inc. neither makes, nor authorizes any agent or representative to make, any other warranties, express or implied, including fitness or merchantability.

The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of Creative Marketing & Research, Inc. and Seller. Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage and use of this material not in strict accordance with directions given herewith. In no case shall Creative Marketing & Research, Inc. or the Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by Creative Marketing & Research, Inc. and is accepted as such by the Buyer.
