

Mark-It • Red •

SPRAY SOLUTION COLORANT

- Shows Where You've Sprayed
- Indicates Drift
- Eliminates Waste

KEEP OUT OF REACH OF CHILDREN CAUTION

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

IF SWALLOWED: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a Poison Control Center or doctor. Do not give anything to an unconscious person.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May be harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

DIRECTIONS FOR USE

MARK-IT •RED• is a concentrated red colorant designed to be a temporary spray indicator for use with pesticide and other liquid spray solutions. It provides highly visible evidence of spray application patterns. Use of this product eliminates waste due to overlapping and skipping while indicating drift and improper application.

MARK-IT •RED• readily dissipates, is non-toxic, and totally compatible with water soluble solutions. It is designed for both agricultural and non-crop uses. This product is ideal for golf courses, parks, cemeteries, athletic fields, lawn care maintenance, utility rights-of-way, forestry and any large turf or grass areas — virtually anywhere where spray evidence is needed. MARK-IT •RED• will not permanently stain vegetation, soil, or human skin and can be used with boom-sprayers, row-crop riding equipment, back-pack or wand sprayers.

MARK-IT •RED• should be added to the spray tank when it is approximately half full. Use one quart for each 75-100 gallons of spray solution, or one gallon for each 300-400 gallons of spray solution. When using hand-held or back-pack sprayers (i.e. 3-5 gallons), use one ounce per gallon.

The above rates are approximations. Turf or weed color, height, and individual water conditions such as hardness, pH, iron content, etc. may dictate variations from the above suggested rates. Sight adjustment is recommended. Test for required concentration before use and adjust as needed.

If accidentally spilled, this product can be removed from skin or equipment with several washings of soap and water. Avoid letting MARK-IT •RED• concentrate come into contact with fabrics.

Store above 32°F.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL

STORAGE: Store in original container away from children, animals, foods, feeds and seeds. Handle in accordance with Precautionary Statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent material. Scrape up and dispose in accordance with Product Disposal.

PRODUCT DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state or local ACRC recycler, visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

CONDITIONS OF SALE AND WARRANTY

Monterey AgResources (MAR) warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions. MAR neither makes, nor authorizes any agent or representative to make, any other warranties, express or implied, including fitness or merchantability.

The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of MAR and Seller. Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage and use of this material not in strict accordance with directions given herewith. In no case shall MAR or the Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the storage, handling or use of this product. The foregoing is a condition of sale by MAR and is accepted as such by the Buyer.
