

MAXI S-P

100% Ortho

READ ENTIRE LABEL BEFORE USING THIS PRODUCT

GENERAL INFORMATION

MAXI S-P is a liquid plant food containing two primary plant nutrients and is designed to correct phosphate deficiencies. This product will quickly boost plant growth during critical or high growth periods and can help prevent damage due to weather.

MAXI S-P can be applied to most vegetable and row crops, deciduous fruit and nut trees, citrus, avocados, grapes, melons, ornamentals, turf, pasture, range grasses and most other crops.

MAXI S-P is also formulated with concentrates of biostimulants, soil and petiole penetrants, complexing agents, microbial enhancing agents, antioxidants, coenzymes and a patented process for increasing the phosphate uptake in MAXI S-P.

CONDITIONS OF SALE AND WARRANTY

Monterey Chemical Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions. Monterey Chemical Company neither makes, nor authorizes any agent or representative to make, any other warranties, express or implied, including fitness or merchantability.

The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of Monterey Chemical Company and Seller. Buyer and user acknowledge and assume all risks and liability resulting from the handling and use of this material not in strict accordance with directions given herewith. In no case shall Monterey Chemical Company or the Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by Monterey Chemical Company and is accepted as such by the Buyer.

DIRECTIONS FOR USE

COMPATIBILITY: MAXI S-P is compatible with acid based fertilizers and other plant nutrients. However, if the desired combination has not been previously used, a compatibility test is recommended.

APPLICATION METHOD: Soil applications of MAXI S-P can be incorporated in liquid fertilizer or applied separately. This product is most effective when applied through an irrigation system or banded.

If using center-pivot irrigation equipment, use only with electric or oil hydraulic drive systems that provide a uniform water distribution.

Washington State law requires that EPA-approved safety devices be in use when this product is used through any irrigation system.

MIXING: Shake, stir, or swirl contents before using. Always add this product to the spray tank before adding other agricultural chemicals. If mixing permits, allow agitation of the solution in tank to insure uniform mixing.

APPLICATION RATES: Apply 2 to 10 gallons per acre of MAXI S-P mixed with compatible fertilizers. To use MAXI S-P alone, apply the following rates if you do not have a soil or leaf analysis:

Minor Phosphate Deficiency 2-5 gals. per acre
Moderate to Severe Deficiency 5-10 gals. per acre

After initial application, monitor petiole phosphate levels and apply again as needed.
