

Monterey Boron 10%

GUARANTEED ANALYSIS

Boron (B) 10.0%
Derived from boric acid.

Contains 1.1 lb. of boron per gallon. Density 11.0 lbs. per gallon.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.regulatory-info-monterey.com>

WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

KEEP OUT OF REACH OF CHILDREN CAUTION

Avoid contact with eyes and clothing. Avoid prolonged contact with skin. Do not inhale vapors. Do not take internally. Wear goggles and gloves when handling.

GENERAL INFORMATION

MONTEREY BORON 10% is an effective, readily available source of boron for soil and foliar applications to plants. It may be applied in water or mixed with most liquid fertilizers, micronutrients, or pesticides.

COMPATIBILITY: MONTEREY BORON 10% is compatible with many liquid fertilizers, micronutrients, and pesticides. Addition of MONTEREY BORON 10% to these products should not be done without first testing compatibility on a small scale.

When mixing with pesticides, dilute MONTEREY BORON 10% with water prior to the addition of buffering agents and pesticides.

Follow all directions and precautions on pesticide labels prior to mixing with MONTEREY BORON 10%.

PRECAUTIONS: WARNING - Overapplication or excessive use of boron, or use on crops other than those listed, can result in boron toxicity. This may cause foliar damage or serious crop injury. The proper use of soil test recommendations will minimize the risk of overapplication of boron. Do not use MONTEREY BORON 10% in soil applications where it will directly contact the seed. In foliar uses, use at least one (1) gallon of water for each pint of MONTEREY BORON 10% applied to the crop.

DIRECTIONS FOR USE

FOLIAR APPLICATIONS: Apply with enough carrier to thoroughly cover all foliage. Early morning or late evening applications give the best results.

Boron is not easily translocated within the plant, therefore multiple foliar applications at low rates during the growing season are most effective.

SOIL APPLICATIONS: Apply with sufficient carrier to give complete coverage. Soil applied boron must be moved into the root zone to be absorbed by the plant. This can be accomplished by irrigation, rainfall, or tillage.

Soil test recommendations should be followed for best results.

SUGGESTED APPLICATION RATES PER ACRE	Foliar Apply in sufficient water for thorough coverage	Soil Apply in fluid fertilizer or water
--------------------------------------	---	--

FRUIT AND NUT CROPS

Almonds	1 to 5 qts.	1 to 2 gals.
Apples	1 to 2 qts.	1 1/8 to 3 gals.
Filberts	1/2 to 1 1/2 qts.	1 to 2 gals.
Grapes	2 to 5 qts.	1 to 2 gals.
Pears, Citrus fruits, Cherries, Nectarines, Peaches, Plums, Prunes	2 to 4 qts.	1 to 2 gals.

FIELD CROPS

Alfalfa	2 to 4 qts.	1 to 3 gals.
Beets (Sugar)	2 to 4 qts.	1 to 3 gals.
Canola, Cotton, Flax	1 to 2 qts.	1/2 to 1 gal.
Clover	2 to 3 qts.	1 to 2 gals.
Corn	1 to 2 qts.	1 to 2 gals.
Hops, Peanuts	1 to 2 qts.	1/2 to 1 gal.
Soybeans, Sugarcane	1 to 2 qts.	1 to 1 1/2 gals.
Sunflowers, Wheat	1 to 2 qts.	1/2 to 1 gal.

VEGETABLE CROPS

Beets, Carrots, Cucumbers	1 to 2 qts.	1 to 2 gals.
Broccoli, Cabbage, Cauliflower	2 to 4 qts.	1 to 3 gals.
Celery, Melons	2 to 4 qts.	1 to 2 gals.
Peppers, Tomatoes, Potatoes	1 to 2 qts.	1 to 2 gals.
Peas, Lentils, Beans	1 to 2 qts.	1 to 2 gals.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. **STORAGE:** Store in a cool place out of direct sunlight. May be stored in unheated facility. Spills from broken containers can be cleaned up by absorbing on clay or other suitable absorbent. **DISPOSAL:** Wastes resulting from the use of this product may be disposed of at an approved waste disposal facility. **CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

CONDITIONS OF SALE AND WARRANTY

Monterey AgResources (MAR) warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions. MAR neither makes, nor authorizes any agent or representative to make, any other warranties, express or implied, including fitness or merchantability.

The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of MAR and Seller. Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage and use of this material not in strict accordance with directions given herewith. In no case shall MAR or the Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by MAR and is accepted as such by the Buyer.
