CONDITIONS OF SALE AND WARRANTY

Monterey Chemical Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions. Monterey Chemical Company neither makes, nor authorizes any agent or representative to make, any other warranties, express or implied, including fitness or merchantability.

The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of Monterey Chemical Company and Seller. Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage and use of this material not in strict accordance with directions given herewith. In no case shall Monterey Chemical Company or the Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by Monterey Chemical Company and is accepted as such by the Buyer.

GENERAL INFORMATION

MONTEREY GRANULAR MANGANESE SULFATE 31% is intended for agricultural use for plant nutrition. This product may discolor concrete and other masonry surfaces. Contact with these surfaces should be avoided.

DIRECTIONS FOR USE

MONTEREY GRANULAR MANGANESE SULFATE 31% is recommended for correction of manganese deficiency of citrus, corn, cotton, deciduous fruit & nut trees, beans and peas, onions, sugarbeets, small grains, etc.

COMPATIBILITY: A compatibility test is recommended if the desired combination has not previously been used.

APPLICATIONS: For the agronomic application rates suitable for your geographical area or the maximum allowable non-nutrient application rates per acre, consult a trained soil specialist or contact Monterey Chemical Company.

In the absence of a specific recommendation, make band or side-dress applications of 15 lbs. MONTEREY GRANULAR MANGANESE SULFATE 31% per acre for crops with a high manganese requirement or 10 lbs. MONTEREY GRANULAR MANGANESE SULFATE 31% per acre for crops with a low manganese requirement. Do not apply more than 10 lbs. of manganese per acre per year (equivalent to 32 lbs. MONTEREY GRANULAR MANGANESE SULFATE 31%). For improved results, apply MONTEREY GRANULAR MANGANESE SULFATE 31% in combination with at least 50 lbs. per acre of ammonium sulfate.

NET WEIGHT: 50 LBS / 22.68 KGS
