

# STUBBLE-AID PLUS

STUBBLE-AID PLUS contains naturally-occurring organisms and enzymes for use on crop stubble.

## DIRECTIONS FOR USE

1. Shake well before using
2. Apply Stubble-Aid Plus at 1-2 pints/acre (500 mL - 1000 mL/acre) or 1200 - 2400 ml /ha, depending on the residue type and quality.
3. Dilute product in a minimum of 10 gallons of water per acre (38 L/acre) or 100 L/ha.
4. Apply as soon as possible after harvest.

Product performance is enhanced by ground moisture. Do not tank mix with other chemicals. This is not a fertilizer. Repeat application if necessary in 4-6 weeks of initial application. Advantageous to disc treated residue.

**NON PLANT FOOD INGREDIENT**
