

Net Weight 22.7 kg (50 lbs)

TETRA Micronutrients

ZINK-GRO[®] Maxi-Granular
ZINC SULFATE
MONOHYDRATE

Guaranteed Analysis

Sulfur (S)17.5%

Zinc (Zn).....35.5%

35.5% Water Soluble Zinc (Zn)

Derived from zinc sulfate monohydrate

Manufactured by:

TETRA Micronutrients, Inc.

General Office: The Woodlands, TX 77380

Phone: (800) 544-3155

ZINK-GRO® Maxi-Granular

CAUTION:

This material contains zinc and should only be used as recommended. It may prove harmful when misused.

FOR USE AS A FERTILIZER INGREDIENT:

This product should be used on the basis of a soil and/or tissue analysis. For fertilizer application rates suitable for your geographical area or the maximum allowable application rate per hectare (per acre), consult a trained soils specialist or write to TETRA Micronutrients, The Woodlands, TX 77380. Scalped or severely eroded soils are more likely to be deficient in zinc than well-managed soils. Zinc deficiencies are more common on sands, sandy loams and organic soils because these soils originally contain low total zinc levels. Zinc availability decreases markedly as the soil pH increases. Zinc deficiencies are usually limited to soils with a pH above 6.5. SGN (Size Guide Number).... 275

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.wa.gov/agr/>

Canadian Registration #930022B Fertilizers Act

ZINC SULFATE MONOHYDRATE

SULFATE DE ZINC MONHYDRATE

WARNING!

Avoid contact with eyes
Avoid contact with skin
Avoid breathing dust
Do not swallow
Wash thoroughly after handling

KEEP OUT OF REACH OF CHILDREN!

FIRST AID:

Eye and skin contact - flush affected areas
with large quantities of plain water
